"I think everyone should take an acting class. It's like therapy because you get to learn a lot about yourself if it's the right teacher. You're putting yourself up there in front of people and it takes a lot of the intimidation of everyday away."
-Mukesh Jindal

"I want to do it all. I want to climb mountains, go through jungles, fight wars in space, get the girl, shoot the bad-guy full of lead, have all the zippy one liners, bulge muscles out of a singlet, drip sweat and blood on screen, all of that."
- Benedict Cumberbatch

**“ An actor
must enter with
an open heart
and open mind.”**

Uttar Pradesh is a land of unity and diversity. It has got great cultural and tourism potential. This state is also called the land of Gods, as lord Ram, Krishna and Gautam Buddha were born on the pious land of this state. The young and dynamic Chief Minister of UP, Honourable Shri Akhilesh Yadav ji, recently envisaged his vision about promoting film and tourism in the state.

He announced the 'FILM BANDHU' policy to promote the film making culture in the state and promised to give producer's friendly help and support , along with huge subsidy for the films, shot in the Uttar Pradesh. Due to his encouragement for film making, a lot of producers are lining up their projects for shooting in Uttar Pradesh. The main cities for shooting of the films are Agra, Varanasi, Allahabad, Kanpur, Faizabad, Jaunpur, Gorakhpur and Lucknow, being capital and center of all activities.

Due to sudden increase in film making, a huge shortage of talented actors have emerged as it becomes very costly and unaffordable to bring all actors from Mumbai and shoot with them, even for a small character.

Due to the shortage of talented actors, the film makers are holding auditions at Delhi and Chandigarh and bringing the actors to perform. Few of the auditions are also being planned at few of the major cities of Uttar Pradesh for selecting desired

talent , but that is far from satisfactory level. Due to the non-availability of talented and affordable actors, the small producers are the most sufferer and low budget Hindi and Bhojpuri films are not being made in UP. This reason is also responsible for less theatrical activities at UP as most of the talented actors are working at Mumbai and other active places.

Hence a need was felt to open an acting institute in Lucknow, at heart of Uttar Pradesh so that all the budding talents can fulfill their dreams of becoming successful Film & TV actor and convert their dreams into reality by becoming a star like Amitab Bachhan, Shahrukh Khan, Rajpal Yadav, Akshay Kumar, Nawazuddin Siddiqui and various other actors who started their journey from small towns of the country.

COURSE & CURRICULUM

The three month, full-time acting course is a step-by-step procedure of self investigation, self motivation & hard work for the actor in Mumbai Film Institute.

During the journey of the course, the actor in training investigates in-depth, his/her own capability & adaptability, in order to expand and widen the range of his/her acting talent and respond to the techniques of the complex and delicate human emotional relationships and situations, that an actor

faces each time he prepares a new role. The student's focus is kept on what he himself can do truthfully under imaginary circumstances and guidance by the ACTING GURUS.

Thus, misconceptions are removed, new techniques gained and the actor emerges a fully prepared star after 3 months to conquer world of cinema or more of an honest human being who is now ready to "act" truthfully.

Theatre WORKSHOP

We Organize a Theatre Workshop for anyone In a world where technology takes us away from natural human emotion.

Theatre Workshops promotes its mission to identify, present, and support independent contemporary artists and companies to advance dance and live performance in India and worldwide. Our Theatre Workshop is a center for the development and presentation of contemporary dance and performance, and for the artists who create it.

MFI Theatre Workshop has grown into a multi-faceted activity in India by the organization that provides professional programs and resources to independent artists, and cultivates public involvement in the arts.

The motto of the workshop is not only to improve acting skills but also to help people unwind and de-stress.

What is the workshop all about?

The workshop focuses on voice modulation and the attitude of the Artist. It starts with simple exercises including voice and tongue exercises (which help during dialogue delivery), maintaining voice modulation, writing short stories, screen plays, scripting, presenting ideas and enacting different kinds of emotions.

At the completion of the workshop, the Artist present a play.
